

Complete this Application form and the **Droid Lab** Elective form.

Name: _____

Grade: _____

Current GPA in Science or Math: _____

Experience level with soldering:

Expert

Novice

No experience

Briefly answer the questions in this application. Use extra paper if you must, and be prepared to answer the following question,

"Why did you choose this course?"

Describe your unique strengths that could contribute to your success in this course.

Discuss the skills you hope to develop further through the course.

Have you watched Episode 1 of the "Witch Doctor Jr." video series?

Yes

No

Tell me one thing you learned from the video and be ready for a pop quiz during your interview with JediJill.

Have you looked at the Droid Lab tab on my Website, JediJill.com, and read what to expect in this course?

Yes

No

If yes, tell me one thing you learned from the Website, and be ready for a pop quiz on the “very important rules to know” during your interview with JediJill.

Has any school authority found you to have disrupted or interfered with any educational institution's orderly conduct, processes, functions, safety protocols, or programs?

Yes

No

Are you prepared to follow directions quickly and keep all Droid Lab materials and tools clean and organized as directed?

Yes

No

If yes, give details on how you think you are prepared and willing to work hard to put things away only as directed:

You will be contacted via email for an interview if you obtain the instructor's signature below.
