

SCIENCE TECHNOLOGY ENGINEERING ART MATHEMATICS

BURNS SCI. TECH S.T.E.A.M. NIGHT

Thursday, October 12, 2017

6:00 to 8:00 p.m.

This night begins with a brief ENO message in the Cafeteria.

Please join us for this fun night when we will be sharing some of the things we have been studying in the S.T.E.A.M. Lab.

Over the course of the evening, students and families will have the opportunity to visit with very special guests, explore hands-on S.T.E.A.M. activities, experiments, and games through faculty and student-guided center activities.

Volunteers welcome!
